2023 Summer Science Camp

That's a wrap on the Penikese Island Science + Nature Camp 2023 season!

We had a fabulous 2023 Camp season, welcoming campers to Penikese from as far as Guatemala and Cyprus. Campers went birding, built and drove ROVs, observed baby squid under the microscope, created artistic maps, took gorgeous photographs, and so much more!

Thank you to our fantastic 2023 summer staff!

And thank you to our wonderful visiting instructors who inspired our campers and staff alike.

*Do you find yourself wishing you could come to camp too?
Stay tuned for an "Adult Camp Weekend" in 2024!*

Seaside LeMans Race on Sept. 9th!

Join us at the Seaside LeMans!

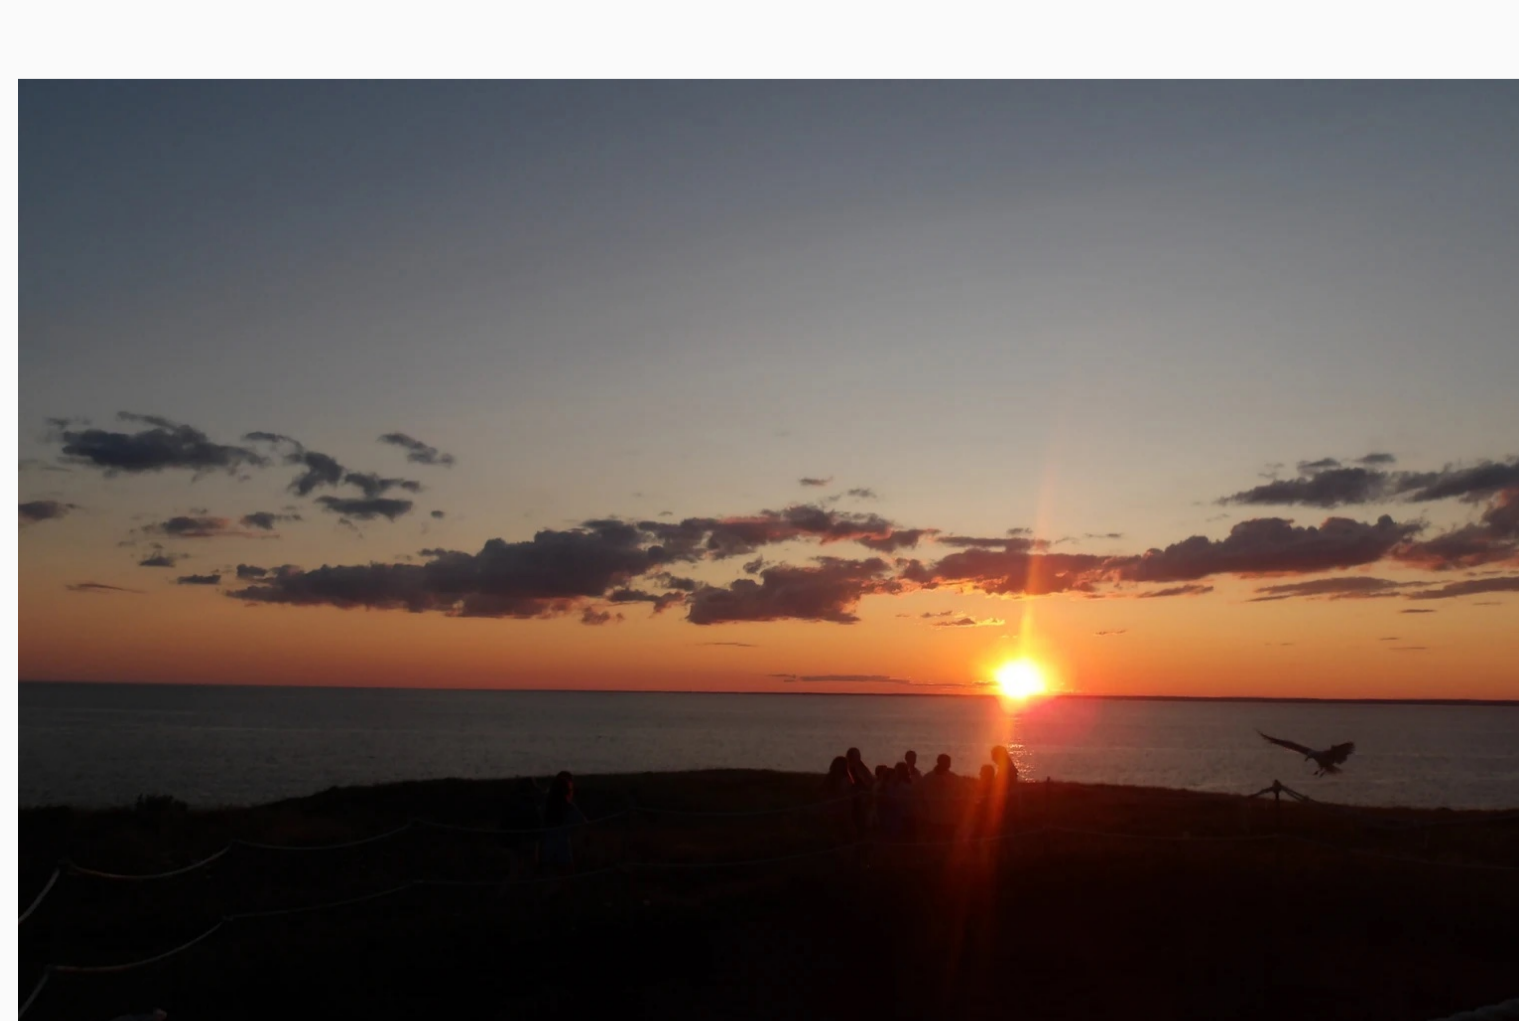

**Saturday, September 9, 2023
Mashpee Commons**

We are honored to be selected as a beneficiary for this year's Seaside LeMans Race. Nearly \$9 million has been raised through sponsorships and matching gifts since this race began in 2001!

Join us at this fast-paced annual event featuring Formula One European style racing karts. The race is an exciting endurance race for four hours on a ¼ mile track around corners and under a footbridge at Mashpee Commons. As a beneficiary, the Penikese Island School will have a table at the event, with information and merchandise.

*We are looking for volunteers to help with the event.
Please use the link below to sign-up!*
